The Yom Kippur War DR. ITZHAK BROOK

Tuesday, September 17th

6:00 - 7:00 PM: Cocktails & Hors d'oeuvres

7:00 - 9:00 PM: Dinner & Speaker

**THE LOFT @ 4935

Bethesda, MD 20814**

The Yom Kippur War, A battalion physician's experience of a war that shaped Israel and the Middle East. The Yom Kippur War was launched in 1973 in a surprise attack by Syria and Egypt. This Arab-Israeli war posed the most serious threat to the existence of Israel in modern history. Even though Israel was eventually able to achieve a military victory, the country paid a steep price, both in lives lost and in the citizenry's self confidence.

Itzhak Brook MD served as a battalion physician during the Yom Kippur War and authored the book "In the Sands of Sinai: a Physician's Account of the Yom Kippur War." This book recounts his personal experiences as a battalion physician during that time. It describes how he coped with his soldiers' medical and psychological issues, the daily struggle of survival in the battle zone, the resourcefulness exhibited during the time of war and the struggle to preserve one's humanity in the midst of it all.

President's Message from Tassos J. Sfondouris, DDS, MS

Dear Fraters,

I hope everyone had an enjoyable and relaxing summer! I would like to introduce myself. My name is Tassos Sfondouris and I was born and raised in Annapolis, MD. I am a first generation Greek-American as both of my parents survived perils of WWII in Greece. I obtained my Bachelors of Arts degree from Clemson University and I completed my dental school degree from the UMD, School of Dentistry. Later, I obtained my Periodontics specialty certificate along with a Master of Science degree from UMD, School of Dentistry. After the completion of my specialty program, I was asked to complete a Periodontics and Prosthetic Fellowship training program at the university. Currently, I practice with Dr. Vincent Prestipino in Bethesda, MD after the sudden and unexpected passing of his late partner, Dr. Abraham Ingber. I am excited and humbled to be the president of Alpha Omega DC Chapter for 2019-2020!

I would like to extend my sincere gratitude to our former president, Dr. Jennifer Tipograph. She has been our president for the past 2 years and we are grateful to her for her extraordinary leadership and dedication to our organization. Jennifer's organizational and interpersonal skills are exceptional. We will continue to rely on her to further advance our organization.

The upcoming goals of my presidency will be focused on continuing the excellence of the Alpha Omega Dental organization. This will be accomplished by working with our current members to continue to enhance the quality of our continuing education programs, strengthen the already solid camaraderie of its members through social events and lastly to promote the message of Alpha Omega to our community by volunteerism.

I am looking forward to an amazing upcoming year! This can only be accomplished if we all work together to accomplish our goals. I would like to wish everyone a Happy and Healthy New Year. L'Shana Tovah.

Sincerely,

Tassos Sfondouris, DDS, MS

ABOUT ALPHA OMEGA INTERNATIONAL DENTAL FRATERNITY

MISSION

To offer dentists, oral health professionals and students a welcoming fraternal community that honors the organization's Judaic heritage, provides opportunities to attain professional excellence and promotes access to oral health care for all.

VISION

Alpha Omega envisions communities where everyone has access to oral health care and whose members can contribute to the well-being of others.

VALUES

Integrity: Acknowledging and demonstrating that our core values guide our commitments and actions

Compassion & Inclusion: Engaging all who share our core values to participate in our efforts to realize our vision

Generosity: Sharing our knowledge, skills and resources to promote oral health as well as personal and professional growth

PRINCIPLES

- Access to oral health and wellness
- Promoting social justice
- Tikun Olam (Repair an ailing world)

COMMUNITY OUTCOMES

Establishing and nurturing high-trust networks and relationships to realize our full potential for personal growth and professional achievement. Providing avenues for oral health professionals to contribute to improve the health and wellbeing of their local and global communities.

EXECUTION STRATEGIES

- Provide high-quality and diverse continuing education opportunities
- Nurture oral health care students by inclusion in alumni activities as well as mentorship by individual alumni
- Engage alumni families through locally hosted social gatherings
- Engage and welcome all dental professionals to share our vision and principles

PHILANTHROPIC ENGAGEMENT

- Raise awareness of the integral nature of the Alpha Omega Foundations, funds and trusts to the realization of our mission and vision, especially its support for dental education in Israel
- Increase awareness and advocate for improved access to oral health care throughout the world
- Partner with like-minded organizations to promote social justice and improve oral health, such as donating our time and talent for the care of Holocaust Survivors in need

Member of the Month

David Schneider

Dental School: Boston University School of Graduate Dentistry

Years in Practice: 36 years (hard to believe!!)

Type of dentist: Periodontist

In AO since: Co-founded the BU AO chapter in 1978 and a member ever since. Member of our chapter 33 years.

What AO means to me: The shared values and the shared missions make it a very special organization. There is truly a different experience when attending an AO meeting - whether it be a local chapter, convention or the European meeting - between being with other dentists or dentists who embrace you like family. Finally, as the son of a survivor, our foundation of Judaic values is also close to my heart.

Areas of special interest in dentistry: Regenerative therapy and minimally invasive procedures. I love that dentistry is not stagnant but that we always have new concepts and ideas to employ.

Favorite vacation: We have at least 1 family vacation a year where all 4 of us are together. They are always special. This year we saw the giant redwoods - truly takes one's breath away!

Area of interest outside of dentistry or something people would like to know about me: I love being outdoors, whether for a walk, a hike, or gardening. I also love spending time with my wife at art shows and galleries, as well as, just hanging out and relaxing.

Important Information and changes regarding Documentation of Continuing Education.....

Recording Course Attendance with the DC Dental Society

The District of Columbia Dental Society has recently revised their procedures regarding the recording of member's Continuing Education participation. They are no longer accepting copies of Certificates of Attendance from individual members. The new policy requires you to place a check mark next to your name on a master roster of DC Society members when you sign in. At the end of the meeting, the Alpha Omega CE Program Chairman will email this list to the DC Dental Society and they will record your attendance.

If you are a member of the DC Dental Society, I need three pieces of information in order to create this roster:

First Name: _____
Last Name: _____
ADA #: _____

Please send this requested information to Michael Stern at dstern2478@aol.com. Remember, if your name and ADA number do not appear on the list, you will not receive CE credits from the DC Dental Society.

Thank you for your cooperation regarding this matter.

For all other members and DC Dental Society members who are also AGD members, please make sure that you sign the AGD attendance roster present at the sign in desk. It is very helpful if AGD members also write down their AGD member number. This list is the only official record of your attendance and is used to record CE credits with the AGD. Signing this roster also ensures that we have a record of your attendance in case you find yourself needing a backup during the re-licensure process.

Remember, if you did not sign the required forms, your attendance will not be recorded.

And, thanks again for being a member of Alpha Omega, dedicated to dental excellence and assisting those who are less fortunate.

Peace and Understanding Through Medicine and Dentistry

Whenever and wherever disaster strikes, Israel's medical system has been quick to respond, sending teams all over the world. But, since 2013, over 6,000 wounded Syrians have come to Israel, having no other place to turn. As with anyone, Israel welcomed these severely wounded men, women and children needing medical care. In turn, these Syrians gain a true understanding of who Israelis are. Most of these wounded come from border towns on the Golan. The hope is that by helping these people, they will help maintain peace along the border.

The Ziv hospital in Zefat, Israel has been providing this care for free and the task has been difficult. To keep this going, they need a children's care center and a maxillofacial care center as there are so many head and neck injuries coming over the border.

Alpha Omega International Dental Fraternity, based on Judaism and Jewish values, is a dental fraternity with members in 10 countries. Through it's Foundations, it has had a long history of supporting dentistry in Israel, founding the dental schools at Hebrew University and Tel Aviv University as well as supporting dental education and treatment. In the past, the generosity of our members has supported these efforts. This campaign is much larger. In the spirit of Tikun Olam, we are asking you to join us in this effort of healing and peace by making a significant contribution to the Alpha Omega Foundation-US. Become a part of helping those who are less fortunate and contribute to peace.

YES! I want to help Israel provide care and promote peace in the Middle East by contributing toward the building of a child care center and a maxillofacial clinic at Ziv Hospital.

A New Year, A New Campaign

L'shanah Tova Tikatevu! May you be inscribed in the Book of Life for a good year! On Rosh Hashanah, we celebrate our accomplishments, being thankful of all the blessings that have been bestowed upon us. And then, between Rosh Hashanah and Yom Kipper, we begin to think about what we could do in the upcoming year to make things even better. Could we have been more understanding of others? What can we do to make the world better for those less fortunate than ourselves?

Alpha Omega's Foundation started 62 years ago based on Tikkun Olam, the value of repairing the world. The intent was for our members and chapters to pool funds into a central repository, so that their contributions could have a greater and more significant impact than if just individual contributions were made. Since its inception, millions of dollars have been donated to various causes throughout the world, promoting the goals of social justice and improving oral as well as general health. Funds donated by the Alpha Omega Foundation have impacted the lives of thousands. Your contributions have improved dental education in Israel and helped many whose unfortunate circumstances left them helpless.

We have had many successful campaigns in the past and, this year, we begin a new campaign, raising money for the Ziv Hospital in Safed, Israel. For the past several years, Israel has welcomed severely wounded and sick Syrians, caught up in a

horrible civil war, who have, in desperation, turned to Israel for treatment. To date, over 6,000 men, women and children have been treated at the Ziv Hospital for free. In return, the only thing Israel asks is that those treated, upon their return to Syria tell others of the compassion and concern of the Israelis who helped them in their time of need.

This puts a great strain on existing hospital resources and facilities. Desperately needed are a new oral and maxillofacial clinic and a children's clinic. The Alpha Omega Foundation has committed itself to raise 2 million dollars to fund this construction.

Unlike in the past when previous campaigns were completely funded by the personal generosity of Alpha Omegas, the goal for this campaign is much larger. The Washington, DC chapter has been asked to raise \$100,000 toward this project and it is clearly obvious that we cannot raise that amount of money by just personal donations of our members. So, we ask for your ideas and help, personally approaching friends, associates, colleagues, local businesses and yes, even some patients who you know would be interested in supporting this worthwhile cause.

Each of you has a part in this; we cannot reach our goal without your help. We will be asking each of you for your ideas and for your personal efforts in approaching others in our community. We will be forming a fundraising committee; please volunteer and share your thoughts. In this new year of 5780, we ask each of you to reaffirm your commitment to the basic Jewish values on which our fraternity was formed. Working together, we believe that, with an open heart, a positive attitude and a compassionate mind, our goals will be met, and we will feel very proud.

Thank you.

Richard Meltzer

Update from the AO-HSC Holocaust Survivors Dental Program

Dear D.C. Dental Providers:

Thank you for your participation as a provider in the Alpha Omega-Henry Schein Cares Holocaust Survivors Oral Health Program. The contribution of your time and skill have helped bring comfort to many survivors.

In 2018, the D.C. area saw 127 patients and the value of the dental care was \$224,433! That is 28% of the total donated care of all the cities participating in the program and nearly 30% of the patients. Ben, z" I, would be thrilled!

We have a couple of dental lab partners participating in the program. We ask that you approach your own lab first and ask for the fabrication of pro bono lab appliance(s) for your patient. In return, I am happy to issue a Certificate of Appreciation to the lab. If the lab that you typically use is not able to participate please send me an email with the name of the patient, and the treatment plan. I will then email a lab slip to you. When treatment is complete, please submit (either email bedelstein@ao.org or fax 301-301-738-6403) a copy of the patient ledger or the attached encounter form with the dates of service and the ADA Codes. It is the only way to keep the metrics for the program.

As you may already know, Adrienne Ognibene left her position at JSSA; the new Volunteer Coordinator for the dental program at JSSA is Nora Morton. Her direct line is 301-610-8414. She will now be calling your offices referring JSSA clients. Please notify your office staffs of this change.

Please do not hesitate to contact me with any questions or comments you may have.

With sincere gratitude,

Bernice Edelstein

Please contact Fred Simon if you are planning on or interested in attending the AO convention advertised below. Thank you!

PLATINUM CARD TO:

All who donated to Alpha Omega in honor of our daughter, Heather's engagement to Tal
 Ellen Krieger & Gary Ratner

Dear AO Family,
 I was so touched by all your kind thoughts & good wishes for my recovery from surgery. It is a blessing for
 the AO Foundation's projects for those who cannot afford dental treatment.
 Love,
 Joan Stern

*Are you getting paid
**10K prices for
your 24K gold?***

Some dental scrap buyers that don't offer an assay are banking on getting high-karat gold at low-karat prices.

We Pay More!

We provide a detailed assay that will give you an accurate value based on the exact weight of each precious metal and their specific karat. Call for a Free, Shipping Label.
